

WHEN LIVES ARE ON THE LINE

RELIABILITY & SECURITY MATTERS

ADVANCED INDOOR SYSTEMS

MODERN SOLUTION | PURPOSE BUILT TECHNOLOGY

Engineering Advancement Since **1993**

Intelligible Acoustics Design

SiRcom has redefined the industry standard for outdoor warning sirens, delivering clear, intelligible alerts that can be heard from miles away. Our commitment to engineering excellence and innovation sets us apart from imitators, as our intelligible sirens showcase pioneering design and advanced audio drivers. Since 1993, we have remained at the forefront of acoustics technology, continuously pushing boundaries and raising the bar for others to follow. Trust SiRcom to provide unmatched sound quality and clarity, ensuring that crucial information is effectively communicated in life safety situations.

Continuous Advanced R&D

SiRcom engineers continually enhance sirens and components for maximum reliability, security, and effectiveness. Our investment in modern technologies like machine learning and wireless secure communications simplifies life safety solutions. Today, SiRcom is the trusted choice of public safety officials, setting the gold standard in the industry. Experience advanced life safety technology with SiRcom

Simplifying Chaos Management

SiRcom offers fully integrated indoor and outdoor life safety solutions for organizations of any size or industry. When it comes to managing emergencies, our user-friendly solution provides reliable capabilities for effective communication. Trust SiRcom to safeguard lives and ensure the simplicity and effectiveness you need.

TODAY Most Capable Solution

SiRcom is capable of providing flexible purchasing options through our network of certified value-added resellers. Sole-source contract vehicles & cooperative purchasing services can help any public organization save time and resources.

SiRcom's Full Mass Notification Suite & Integrations Capabilities

SiRcom offers a comprehensive solution that integrates all aspects of life safety alerting into a single, unified management system. Our solution encompasses a wide range of indoor and outdoor mass notification capabilities, including public address systems, alert displays/signs, electronic alerting (SMS text, voice calls, emails, social media posts, desktop alerts), FEMA IPAWS alerts, intelligible voice outdoor sirens, and various security/life safety sensors.

With SiRcom's SMART Alert Software (SiSA) at the core, organizations can centrally manage all endpoints and communication channels. This streamlined approach ensures efficient emergency management and public safety operations, enabling swift and effective communication during critical situations. Trust SiRcom to simplify life safety alerting, providing organizations with a unified and efficient solution that empowers effective and seamless communication in any emergency.

SiRcom is capable of providing flexible purchasing options through our network of certified value-added resellers. Sole-source contract vehicles & cooperative purchasing services can help any public organization save time and resources.

■ **World’s Most Capable Integrations Unit**

The SiRcom Integrated Speaker Unit (ISU) is a revolutionary device that can integrate and upgrade all life safety and other electronic security end-points into a modern management infrastructure. In addition, the SiRcom Integrate Speaker Unit (ISU) is a small, powerful device that can also modernize and upgrade your existing analog systems by connecting them to the modern digital management system. This capability of limitless integrations of existing and future devices and systems will greatly maximize the return on previous and future investments. The SiRcom Integrated Speaker Unit (ISU) can be deployed with or independently of a SiRcom Mass Notification System. This is the result of the ISU’s ability to integrate with most of the significant life safety and electronic security systems in the market today.

■ **Use Case Options**

The SiRcom Integrated Speaker Unit (ISU) Can Integrate With:

- Fire Alarm Control Panels (FACP)
- Public Address (PA) Systems
- Voice over Internet Protocol (VoIP) Telephones
- Networked Televisions, Digital Displays, & Signs
- Panic Buttons, Active Shooter Sensors, IoT Sensors
- CCTV Cameras and Video Management Systems
- Access Control Systems (ACS)
- Intrusion Detection System (IDS)
- Much More...

■ **Key Features**

Flexibility In Alert Types	Intelligible Voice Alerts	Digital Display Alerts	Music & Custom Tone Sounds
Flexibility In Alerting	Activate All Alert Nodes	Activate Zone of Alert Nodes	Activate A Single Alert Node
Flexible Design	Small & Compact	AC, DC, and Solar Powered	72 Hour Standby Battery
Reliable Design	Simple To Install	Easy To Integrate	Easy To Maintain

■ **Capable Solution**

*Components or major end items can be provided that meet the above specifications.

SiRcom is capable of providing flexible purchasing options through our network of certified value-added resellers. Sole-source contract vehicles & cooperative purchasing services can help any public organization save time and resources.
